

SMELL LIKE TEEN SPIRIT

Lay off all guns
Bring your friends for the news
To pretend she's over but
Self assured and thought
now it don't rain

Let me out now
it wasn't dangerous
Here we are now
Irritate us
How stupid and
contagious
Here we are now
Irritate us, I'm alone in the
battle
I must get out
Out of here yeah

I wasn't what I confess
If all this care for feeling
best
A little girl this always
been
And always will until the
end
Repeat *

And all through it yet
Just what it is
Oh yeah I guess it makes
you smile
I find it hard
It's hard to find
But where would ever
never mind
Repeat *

IN BLOOM

So kids fool
Where the change move
The sun is here again
Rip the dark clouds

Our pretty sounds and

But he don't know what
It means mercy
Repeat *

Weakness more

Loose all the prove
turn red in bloom

And the thin walls are trap
Baby call may pets
And leaving off the grass

ON A PLAN

Shout to yourself
Shout in a world
Got so high scratch in a
plain
Love myself better than
you
Know it's wrong
But what should I do
The fun will stay that
I've never had
Is when I learn
to cry on a plain
love myself better than
you know it's wrong
But what should I do
I'm on a plain
I can't complain
I'm on a plain

My mother died
Never it came
You said you see
Call me I'm mad
Love myself better than
you
Know it's wrong but what
Should I do
Black you've got
Black never came
I've got to put

Love myself better than
you
Know it's wrong so what
should I do
I'm on a plain
I can't complain
I'm on a plain

Use that tiem to make it
All clear to ride all coulds
Don't make a sound love

myself beter than you
know it's wrong
But what should I do
One more special messes
a girl
But I don't knock in your
home
Repeat *

OVER AND OVER AGAIN

It was just yesterday
That I saw your face
Looking in my window
I can't recall the place we
first met
It seems, but I guess that
you know

Hadn't thought about it
For a long long time
But still she's here inside
me
Never of my mind
I try to hide it from you
but you know
And I hear it over and over
again

Do you recall the day first
come your way
And I had to know yo
When you steeped in the
way
And I smiled at you
Though I never meant to

Hadn't thought about it
For along long time
But still she's here inside
me
Never off my mind
I try to hide it from you
but you know
And I hear it over and over
again

You cab talk about tomo-
row
all your talking doesn't
